

**New Jersey Law Librarians Association
September Meeting**

**Walking the Tightrope Between Licensed Data Restrictions
and User Access**

Program Description: Vendor contracts are getting more complex and the use of licensed data has become more restrictive. Digital data is the vendor's property, which it licenses to subscribers. This program will suggest ways to comply with licensing restrictions and instruct users about these restrictions.

Speaker Biography: Linda-Jean Schneider is the Electronic Resources Manager for Morgan Lewis & Bockius, having joined the firm in February, 2012. Previously she spent more than 25 years in law firm library management positions at two other Philadelphia-based firms. She is an active member of AALL, GPLLA, and SLA, and is the current chair of the Private Law Libraries SIS of AALL. Linda-Jean was part of a panel presenting on this topic at the 2012 Annual Meeting in Boston.
