New Jersey Practice Materials: A Selective Annotated Bibliography

David Hollander*

Introduction

This annotated bibliography includes both primary and secondary resources commonly used in the practice of law in New Jersey. While certainly not comprehensive, the included resources are intended represent a broad selection of materials covering a wide variety of resource types and practice areas. This bibliography is divided into four main sections: (1) general publications, including primary sources such as case law and legislation along with general secondary resources such as digests and citators; (2) periodicals, including academic and professional publications; (3) Internet resources, listing websites related to New Jersey government, law, legal education and law practice; and (4) practice treatises and materials, listing treatises, looseleafs and other New Jersey practice materials. The appendix provides the addresses, telephone numbers, and websites of all publishers listed in this bibliography.

Because every individual New Jersey-related database contained in Westlaw and LexisNexis is not listed in this bibliography, short descriptions of these offerings are provided here.

Westlaw: Westlaw offers a large volume of New Jersey materials, including digital versions of many of the West-published primary and secondary resources listed in the following bibliography. Available New Jersey-related Westlaw databases include materials such as case law, statutes, legislative history, administrative and executive materials, jury instruc-

George for her invaluable support and editorial assistance, and Wayne Bivens-Tatum for his excellent editorial advice. The author is also grateful to Frank G. Houdek for his consistently-correct advice in all professional matters, not the least of which is writing, and the many others for their support and encouragement, including Robin Schard, Helen Wohl, Sally Wise, Kevin Barry, and John Logan.

tions, court filings, forms, and a wide variety of secondary resources, including the entire *New Jersey Practice Series*. Not all databases are included in all subscriptions to Westlaw. For a full listing of available New Jersey-related databases consult the online Westlaw Database Directory (<http://directory.westlaw.com/>).

LexisNexis: Extensive New Jersey-related offerings are also available on Lexis, including many of the primary and secondary sources listed in this bibliography. This material includes case law, statutes, administrative law, court filings, jury instructions, and secondary resources. The available secondary resources include both Lexis-published treatises and a selection of treatises and practice guides published by the New Jersey Institute of Continuing Legal Education (NJICLE). For a full listing of Lexis's offerings of New Jersey-related materials consult the Lexis Source Locator (<http://w3.lexis.com/sources/>).

The New Jersey Institute of Continuing Legal Education (NJICLE) also merits special mention here. NJICLE, a joint venture of the New Jersey State Bar Association, Rutgers University, and Seton Hall University, is organized to facilitate professional educational development for members of the New Jersey Bar. In addition to offering more than three-hundred yearly seminars, NJICLE is one of the major publishers of secondary materials on New Jersey law, many of which are included in this bibliography. A full list of their publications is available on NJICLE's website (www.njicle.com).

The annotations in this bibliography provide short descriptions rather than detailed editorial reviews of each resource. Inclusion in or exclusion from this bibliography is not intended to represent the author's opinion on the value of a resource.

NEW JERSEY

format that explains how to conduct research in easy to understand detail. This book is essential for any collection of New Jersey law.

Internet Law Guide, at <http://law-library.rutgers.edu/ilg/njlaw.html#NJCONST> [Rutgers-Newark Law Library].

Pathfinder: Basic New Jersey Legal Materials, at <http://law-library.rutgers.edu/resources/basicnjpf.php> [Rutgers-Newark Law Library].

This guide, intended for use at the Rutgers-Newark Law Library, lists the major sources of New Jersey law. The Rutgers-Newark Law Library call number and location are provided for each resource. While that information is not useful to researchers working outside that library, listed are sources useful to researchers anywhere.

Statutory Sources

New Jersey Statutes, at <http://www.njleg.state.nj.us/> [New Jersey Legislature].

This website includes the unannotated full text of currently in-force New Jersey statutes, codified by subject-matter titles. Statutes can be located by browsing through the titles, chapters, and sections, or by full-text searching. The statutes are accessed through the link on the left side of the page. The text is close to current, and a note with each section indicates the extent of the codification, e.g., "Updated Through P.L. [year], ch. [number] and J.R. [number]." More recent chapter laws that are not included in the codification should be consulted and are also available on this website.

STATE PRACTICE MATERIALS

New Jersey Statutes Annotated. St. Paul, Minn.: West Pub. Co., 1939—. 102 vols., 3 softbound index vols., and interim pamphlets. Updated annually with pocket parts and supplementary pamphlets.

This resource is an annotated and updated unofficial version of the *Revised Statutes of New Jersey, 1937*. It contains the full text of in-force statutes codified by subject-matter titles. Each statute features helpful annotations including relevant governor's statements, historical notes, source and prior laws, library references (including references to West's Digest System, the West Key Number System, New Jersey practice materials, and legal encyclopedias), and notes of court decisions that have applied that statute. Statutes are easy to locate using either the cumulative three-volume index or the index at the back of each individual volume. Changes to the law post-dating a volume's publication appear in pocket parts and are also published in the *New Jersey Session Law Service*. New and updated volumes are published periodically. The last volumes in the set contain an annotated text of the New Jersey constitution. A searchable electronic version of this resource is available on Westlaw. A similar product is available on LexisNexis.

New Jersey Statutes, Full Text, Unannotated, at <http://www.gannlaw.com> [Gann Law Books].

This commercial website provides free online access to several resources, including the *New Jersey Statutes*. Statutes can be located by browsing through the titles, chapters, and sections or by full-text searching. The "Database Current Through . . ." link indicates the exact coverage of the codification. Subsequent chapter laws should be consulted to update this resource.

Revised Statutes of New Jersey, 1937. Trenton, N.J.: State of New Jersey, 1938. 5 vols.

This resource is the most recent official comprehensive compilation of New Jersey statutes. It is not practical to use this set for legal research because it contains the statutes in force in 1937 which must be updated by consulting the cumulative supplement issued until 1969 and session laws to the current day. Unofficial and electronic versions of New Jersey's statutes listed in this section update the 1937 statutes to the present day. For historical research, prior compilations include *Revision of the Statutes of New Jersey* (1871), and *General Statutes of New Jersey* (1895). Full texts of both of these historical compilations are available free on the Rutgers Newark Law Library website (<http://njlegallib.rutgers.edu/statutes/>).

NEW JERSEY

Revised Statutes, Cumulative Supplement: Supplementing the Official Revised Statutes of New Jersey, 1937. Newark, N.J.: Gann Law Books, 1941–69. 11 vols.

Supplement to the official 1937 compilation that ceased publication in 1969. Session laws (or unofficial or electronic publications listed in this section) must be used for subsequent updating.

Session Laws

Laws of New Jersey. Trenton, N.J.: State of New Jersey, 1776–.

This resource is the official publication of laws passed by the New Jersey Legislature. Laws are published in chronological order by year. Most years are published in two volumes (especially from the 1960s forward). Each law, called a chapter law, is assigned a chapter number beginning with Chapter 1 each year. Also included at the end of the year's session laws are the texts of joint resolutions and executive orders, and a subject matter index. The title of this resource on the volume spine is *Laws of New Jersey* but the formal title on the title page varies by year: *Acts of the . . . General Assembly of the State of New Jersey (1776–1844)*; *Acts of the . . . Legislature of the State of New Jersey and . . . Under the New Constitution (1845–1969)*; and *Acts of the . . . Annual Session of the . . . Legislature and . . . Under the New Constitution (1970–)*. The full text from 1776–1999 is available in image format free on the Rutgers Camden Law Library website (<http://lawlibrary.rutgers.edu/njleg/index.shtml>).

Chapter Laws, at <http://www.njleg.state.nj.us/> [New Jersey Legislature].

The full text of chapter laws and joint resolutions from 1996–2007 are available on this website through the link on this page. The chapter laws are posted in pamphlet law format (pre-publication in bound format in *Laws of New Jersey*). Laws for each year are listed both chronologically and by subject. Links to the bills and bill history are included with each chapter law.

New Jersey Session Law Service. St. Paul, Minn.: West Pub. Co., 1939–. Published in approximately 10–12 periodic pamphlets per year.

Often treated as a supplement to the *New Jersey Statutes Annotated*, this resource serves as a slip publication of newly enacted legislation. It appears ten to twelve times per year and contains the full text of newly enacted legislation, with additions to existing laws indicated by underlining and deletions indicated by strike out. Note that this information is not contained in the official session laws. The newly enacted legislation is published in chronological order. Each pamphlet includes cumulative tables that list statute sections affected by the new legislation, where laws will be codified in the *New Jersey Statutes Annotated*,

STATE PRACTICE MATERIALS

and bill numbers of the enacted legislation. Each pamphlet also includes a cumulative subject index.

New Jersey Session Laws Online, at <http://lawlibrary.rutgers.edu/njleg/index.shtml> [Rutgers-Camden Law Library].

This resource provides free access to digitized versions of the acts of the New Jersey Colonial Assembly and session laws of the New Jersey Legislature. The material is organized by legislature number. Full text searching is not available.

Journal of the . . . Senate of the State of New Jersey. Trenton, N.J., 1845–. Issued in weekly advance sheets and then in bound annual volumes.

The *Senate Journal*, as it is commonly known, documents legislative activities and votes. Organized by legislative day, this resource is essentially the “meeting minutes” of the legislative day: the roll call, issues discussed, votes taken, nominations considered, bills introduced, etc. Transcripts of debates and texts of bills are not included (although one-sentence summaries of bills are).

Legislative Index of New Jersey. Trenton, N.J.: Government News Network, 1913–. Published monthly when the legislature is in session. Updated by daily *Day Review* reports.

Similar to the *New Jersey Legislative Journal Session Index*, this privately published resource contains short histories, short summaries, and current status for all bills introduced into the New Jersey Legislature in each legislative session. Each issue provides cumulative information for the legislative session. Bills are listed by subject, sponsor, bill number, and chapter. Also included are legislator photos, biographies, and committee memberships. The full text of bills is not

NEW JERSEY

included in this resource. The publisher also offers both a CD-ROM version of this product and a Deluxe CD-ROM product, the latter including the full text of bills. The *Day Review* is published every day the legislature is in session, distributed only by fax or e-mail, and must be ordered separately from the main index.

Lucas, Dorothy Fordyce. *Bibliography of New Jersey Official Reports 1905–1945*. Trenton, N.J.: N.J. State Dept. of Education, Division of State Library, Archives and History, 1947. Supplementary volume covers reports from 1945–60.

These volumes contain a listing of reports and hearings of legislative committees, executive agencies, and the judiciary. The listings are organized both by date and by subject matter. The New Jersey State Library holds all the documents listed in this bibliography.

Minutes of the Votes and Proceedings of the . . . General Assembly of the State of New Jersey. Trenton, N.J., 1842–. Issued in weekly advance sheets and then in bound annual volumes.

The *Assembly Minutes*, as it is commonly known, documents legislative activities and votes. Organized by legislative day, this resource is essentially the “meeting minutes” of the legislative day: the roll call, issues discussed, votes taken, bills introduced, etc. Transcripts of debates and texts of bills are not included (although one-sentence summaries of bills are).

New Jersey Legislative Journal Session Index. Trenton, N.J.: Princeton Desktop Systems, Inc., 1968–. Published monthly when the legislature is in session. Updated daily by the *Day Reports*.

Similar to the *Legislative Index of New Jersey*, this resource provides information on legislative activity, including a legislator directory, committee directory, chapter laws enacted, bill summaries (listed both by subject and by sponsor), and bill activity synopses that indicate whether a hearing was held. Each monthly edition is cumulative for the legislative session. Until 1992, the title of this resource was the *New Jersey Legislative News*. Full texts of bills and laws are not included. The *Day Report* is published every day the legislature is in session, distributed only by fax or e-mail, and must be ordered separately from the main index.

New Jersey Legislature, at <http://www.njleg.state.nj.us/> [New Jersey Legislature].

The website of the New Jersey Legislature provides a considerable amount of helpful and free legislative information. Available information includes the text of bills (1996–current); public hearing transcripts (1996–current); selected

STATE PRACTICE MATERIALS

legislative reports; selected audio recordings of legislative session and committee meetings (2000–current); legislative calendars (1997–current); the *New Jersey Legislative Digest*, containing daily reports of legislative activity (1997–current); and the current *New Jersey Legislative Last Day of Action*, a cumulative report issued after each legislative session listing every bill acted upon in that session and detailing what actions were taken.

New Jersey Legislative Histories, at <http://www.njstatelib.org/NJLH/> [New Jersey State Library].

The New Jersey State Library compiles legislative histories of every general, permanent law passed by the New Jersey Legislature, with the exception of appropriations acts. Beginning with laws passed in 1998, these legislative histories are available free on the library's website. Each legislative history consists of a "legislative history checklist" which summarizes the action on the bill and lists the legislative history documents that exist. When documents are available electronically, the checklist links directly to them. Possible legislative history documents include the sponsor's statement (*which generally also includes the text of the bill*), committee statements, floor amendment statements, legislative fiscal estimates, reports, hearing transcripts, a veto message, and the governor's press release issued upon signing the bill into law. For laws passed prior to 1998, legislative histories are kept at the State Library in Trenton, N.J.

Case Reports

Atlantic Reporter, 2d. St. Paul, Minn.: West Pub. Co., 1885–. 1st series contains 200 vols. (1885–1938), and 2d series contains 921 vols. (1938–), updated by weekly advance sheets.

The *Atlantic Reporter* is one of West Publishing's regional reporters, encompassing case law from Connecticut, Delaware, District of Columbia, Maine, Maryland, New Hampshire, New Jersey, Pennsylvania, Rhode Island and Vermont. For the period 1885–1947, this set publishes reported New Jersey cases from the Court of Appeals and Error, the Supreme Court of Judicature, Court of Chancery, and the Prerogative Court, as well as some cases not reported in the official case reports. After the 1947 reform of New Jersey's court system, this set publishes reported cases from the Supreme Court, Superior Court Appellate Division, and the Superior Court. Beginning in volume 54 of the second series, parallel citations to official reporters are included when available. The cases printed in the *Atlantic Reporter*, 2d include short synopses of the decisions and headnotes that summarize legal points made in the decision. Each headnote is classified with a subject and key number from the West Key Number System. Included in each volume are tables of cases reported in the volume (both alphabetical and by state), a listing of statutes cited in the volume, a words and phrases index, and a key number digest. Beginning in volume 569 of the second

NEW JERSEY

series, pagination of the official reporters is included when available. The *Atlantic Reporter* is available electronically on Westlaw.

New Jersey Equity Reports. Newark, N.J.: Soney & Sage, 1830–1948. 142 Vols.

This set is the official reporter for “equity” decisions (as opposed to “law” decisions) by New Jersey’s high court until 1947, the Court of Appeals and Errors, as well as for decisions of the Court of Chancery (the state’s primary court of original jurisdiction for cases “at equity”), and for the Prerogative Court (which handled wills and estates matters). The rarely used, formal title of this reporter is *Reports of Cases Decided in the Court of Chancery, the Prerogative Court and, on Appeal, in the Court of Errors and Appeals of the State of New Jersey*, although this title as well as the publisher and imprint vary over time. The *Atlantic Reporter* contains cases reported in the *New Jersey Equity Reports*, beginning in 1885.

New Jersey Law Reports. Newark, N.J.: Soney and Sage Co. 1790–1948. 137 vols.

This publication is the official reporter for both the “law” cases (as opposed to “equity” cases) from Court of Errors and Appeals (New Jersey’s highest court from the eighteenth century until 1947) and cases from the state’s primary court of original jurisdiction for cases “at law” until 1947, the New Jersey Supreme Court of Judicature. (It should be noted, however, that there were also several courts below, for which the Supreme Court served as an intermediate appellate court). The rarely used, full formal title of this reporter is *Reports Of Cases Argued and Determined In the Supreme Court and, at Law in the Court Of Errors and Appeals, of the State of New Jersey*, although this title as well as the publisher and imprint vary slightly over time. Beginning in 1885, cases reported in the *New Jersey Law Reports* are also reported in the *Atlantic Reporter*.

New Jersey Miscellaneous Reports. Newark, N.J.: Soney and Sage Co., 1924–49. 26 vols.

These volumes are unofficial case law reporters containing mainly cases not included in the two official reporters, the *New Jersey Equity Reports* and the *New Jersey Law Reports*. The *Atlantic Reporter* does, however, contain many of the same cases as does this publication.

New Jersey Reports. St. Paul, Minn.: West Pub. Co., 1949–. 190 vols., updated by weekly advance sheets.

This is the official reporter of cases from the New Jersey Supreme Court. It includes all reported cases of the Supreme Court, which was created in the court reforms of 1947. Because the Soney and Sage imprint is published by West, the

STATE PRACTICE MATERIALS

cases include the same synopses, headnotes, and key numbers that are included with the *Atlantic Reporter*. Each volume contains a table of cases reported, a table of cases cited, a table of statutes cited, a key number digest (called an “index digest”), and a words and phrases index. The formal title of the reporter is *Reports of Cases Argued and Determined in the Supreme Court of New Jersey*. It is updated by weekly advance sheets called *New Jersey Reports and New Jersey Superior Court Reports*.

New Jersey Superior Court Reports. St. Paul, Minn.: West Pub. Co., 1949—. 392 vols., updated by weekly advance sheets.

This is the official reporter of cases from the New Jersey Superior Court (both the law and chancery divisions) and the Appellate Division. Cases provide West Publishing enhancements, including synopses, headnotes, and key numbers. Each volume contains a table of cases reported, a table of cases cited, a table of statutes cited, a key number digest (called an “index digest”), and a words and phrases index. The formal title of the reporter, which varies slightly over time, is *Reports of Cases Argued and Determined in the Superior Court, Appellate Division, Chancery Division, Law Division, of the State of New Jersey*. This reporter is updated by weekly advance sheets called *New Jersey Reports and New Jersey Superior Court Reports*.

New Jersey Tax Court Reports. St. Paul, Minn.: West Pub. Co., 1980—. 23 vols., updated by regular advance sheets.

These volumes report the decisions issued by the New Jersey Tax Court and decisions on tax cases issued by the New Jersey Superior Court Appellate Division. Cases include synopses, headnotes, and key numbers. The formal title of this reporter is *Reports of Cases Argued and Determined in the Tax Court of New Jersey*.

Citing sources, such as law review articles and annotations, are included as well. Also, this publication is used to determine whether a statute has been repealed, amended, or ruled unconstitutional. In this set, volumes 1-7 are case editions, volume 8 is a case and statute edition, and volumes 9-10 are statute editions.
